IMPORTANT NOTICE

Texas Instruments Incorporated and its subsidiaries (TI) reserve the right to make corrections, modifications, enhancements, improvements, and other changes to its products and services at any time and to discontinue any product or service without notice. Customers should obtain the latest relevant information before placing orders and should verify that such information is current and complete. All products are sold subject to TI's terms and conditions of sale supplied at the time of order acknowledgment.

TI warrants performance of its hardware and software products to the specifications applicable at the time of sale in accordance with TI's standard warranty. Testing and other quality control techniques are used to the extent TI deems necessary to support this warranty. Except where mandated by government requirements, testing of all parameters of each product is not necessarily performed.

TI assumes no liability for applications assistance or customer product design. Customers are responsible for their products and applications using TI components. To minimize the risks associated with customer products and applications, customers should provide adequate design and operating safeguards.

TI does not warrant or represent that any license, either express or implied, is granted under any TI patent right, copyright, mask work right, or other TI intellectual property right relating to any combination, machine, or process in which TI products or services are used. Information published by TI regarding third-party products or services does not constitute a license from TI to use such products or services or a warranty or endorsement thereof. Use of such information may require a license from a third party under the patents or other intellectual property of the third party, or a license from TI under the patents or other intellectual property of TI.

Reproduction of information in TI data books or data sheets is permissible only if reproduction is without alteration and is accompanied by all associated warranties, conditions, limitations, and notices. Reproduction of this information with alteration is an unfair and deceptive business practice. TI is not responsible or liable for such altered documentation.

Resale of TI products or services with statements different from or beyond the parameters stated by TI for that product or service voids all express and any implied warranties for the associated TI product or service and is an unfair and deceptive business practice. TI is not responsible or liable for any such statements.

REFERENCE SOFTWARE IMPORTANT NOTICE

Texas Instruments (TI) provides the enclosed product(s) under the following conditions:

This program is provided "AS IS". TI makes no warranties or representations, either express, implied or statutory, including any implied warranties of merchantability, fitness for a particular purpose, lack of viruses, accuracy or completeness of responses, results and lack of negligence. TI disclaims any warranty of title, quiet enjoyment, quiet possession, and non-infringement of any third party intellectual property rights with regard to the program or your use of the program.

In no event shall TI be liable for any special, incidental, consequential or indirect damages, however caused, on any theory of liability and whether or not TI has been advised of the possibility of such damages, arising in any way out of this agreement, limited to, cost of removal, or reinstallation, computer time, labor costs, loss of goodwill, loss of profits, loss of savings, or loss of use or interruption of business.
